# PERMA-CRETE® PLEX-SEAL™ WB INTERIOR/EXTERIOR CLEAR SEALER

Clear Sealer | 4-6200XI Series

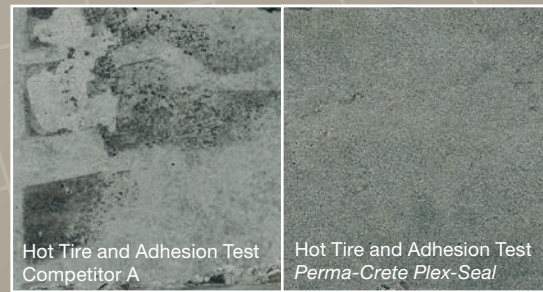

**WATER BORNE READY-TO-USE FILM FORMING CLEAR SEALER.  
PROTECT, IMPROVE, BEAUTIFY AND SEAL CONCRETE SURFACES!**

### SUPERIOR PROTECTION AND BEAUTY

Protect and beautify your concrete surface with low-VOC *Perma-Crete Plex-Seal* WB Clear Sealer from PPG. *Plex-Seal* sealer resists hot tire pick-up, minimizing stains and discoloration on traffic surfaces and decreasing maintenance costs. This ready-to-use concrete sealer is moisture resistant and has excellent adhesion, preventing the coating from peeling and cracking thereby extending the substrate life.

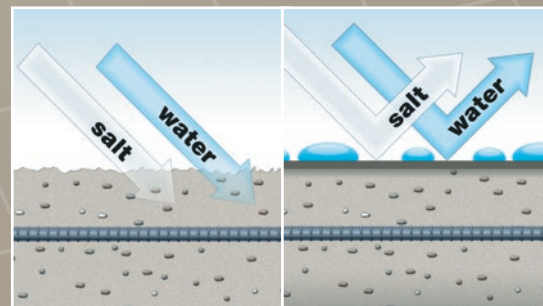

### SEALS CONCRETE SURFACES

*Perma-Crete Plex-Seal* seals the surface while maintaining the natural appearance of the substrate. This film forming, non-yellowing sealer withstands colour change over time. *Plex-Seal* sealer resists high alkalinity and efflorescence and dries quickly to form a satin sheen to produce a low-maintenance, cost effective substrate. *Plex-Seal* sealer is suitable for use on interior and exterior, above-grade, vertical and horizontal concrete surfaces such as garage floors, driveways, pool decks, walkways, warehouse floors and more.

Hot Tire and Adhesion Test  
Competitor A

*Perma-Crete Plex-Seal*

### WHY PERMA-CRETE PLEX-SEAL WB INTERIOR/EXTERIOR CLEAR SEALER?

- Provides a barrier of protection with a satin sheen
- Offers excellent hot tire resistance, minimizing staining and discoloration on traffic surfaces
- Ideal for exposed aggregate
- Passes ASTM standards for weathering
- Lengthens substrate life and reduces maintenance costs
- VOC Compliant - Less than 100g/L

### AVAILABILITY

4-6200XI      Clear      1-Gallon; 5-Gallons
